

LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40, REGION 4, LANCASTER

AVENUE K TRANSMISSION MAIN, PHASE IV

Scope:

Install approximately 5,300 feet of 24-inch diameter steel transmission main and appurtenances.

Location:

City of Lancaster — Along Avenue K, between 20th Street East and 30th Street East

Benefits:

Improve max-day-demand pressures, water quality, system reliability, and enhance fire flow capacity throughout the east side of the 2555 pressure zone.

Status:

Design phase

Start construction:

April 2018
